

FEATURED JOB

A Roof For All Seasons

North Shore Scaffolding completely encapsulated this new building at a site on Whangaparaoa, just north of Auckland, New Zealand, with a 23m long by 19m wide Layher Keder roof and sheeting. This provided the builders with ideal conditions to complete the work regardless of the elements, and they were particularly pleased at how much light the Keder roof let through.

"The builders love it," said Tony Webb, Managing Director, North Shore Scaffolding.

Thank you to Tony Webb of North Shore Scaffolding for the use of this photo.
