

FEATURED JOB

Stairway to Heaven

Bramwell Scaffolding originally erected this birdcage scaffold with stairway in the historic Knox Church in Dunedin, New Zealand for the installation of fire sprinklers. Once up, other restoration work was done, including the removal of dust which had built up to 12mm high in some places, and the revarnishing of all the wood work ceilings. Pews were moved to get bearing on a solid foundation to support the birdcage which was 20m high in places.

Thank you to Graeme Evans of Bramwell Scaffolding for the use of this photo.
